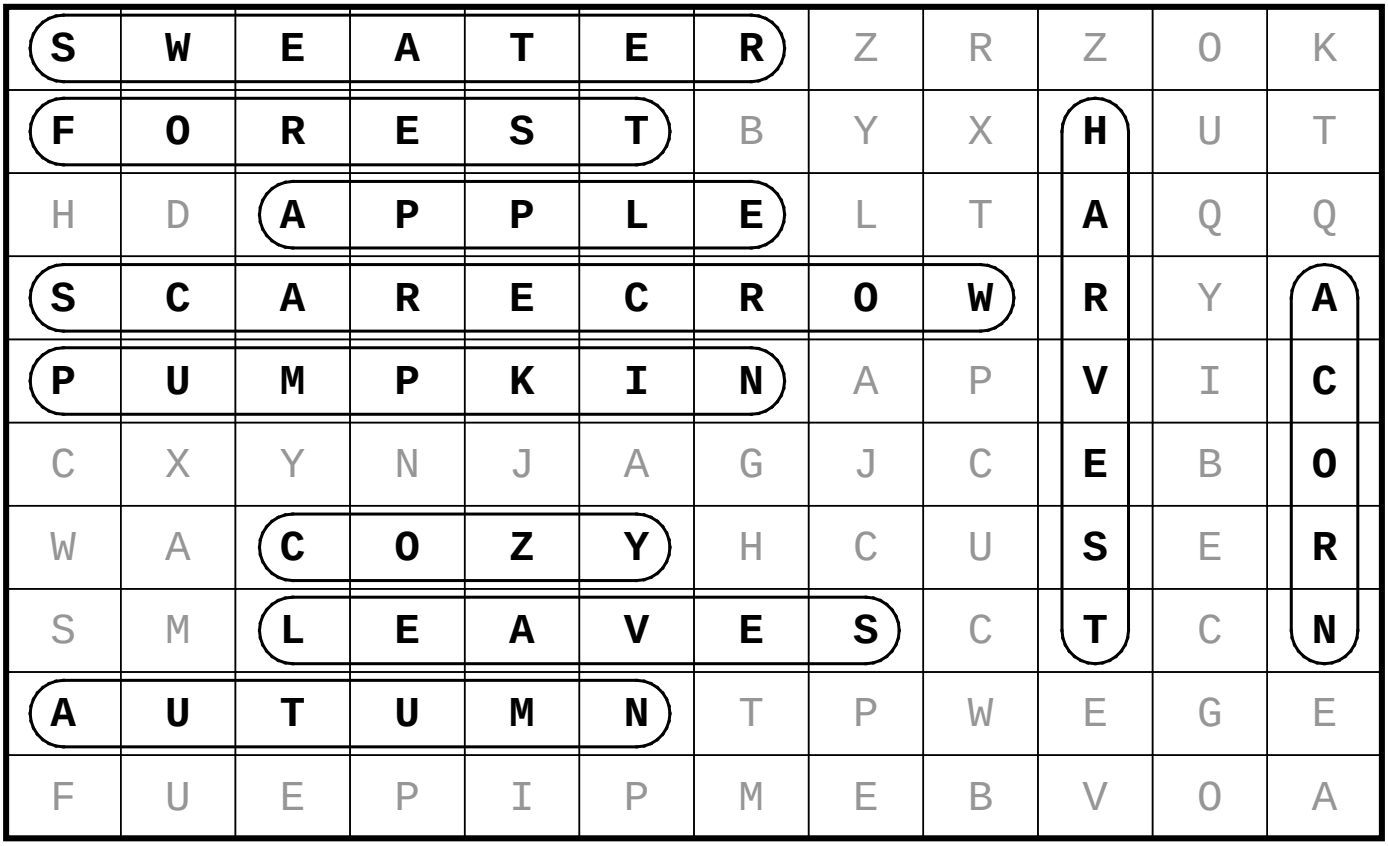
WORDS TO FIND

ACORN
APPLE
AUTUMN
COZY
FOREST
HARVEST
LEAVES
PUMPKIN
SCARECROW
SWEATER

Fall — Answer Key



Did you know?

- The autumn equinox, around September 22 or 23 in the Northern Hemisphere, marks the astronomical start of fall.

- Leaves turn yellow and orange when green chlorophyll breaks down and reveals carotenoid pigments that were in the leaf all along.

- Fall is the Southern Hemisphere spring: in Australia, autumn runs from March to May.

- The word fall for the season comes from the old English phrase fall of the leaf, and it was in use by the 1500s; British English later settled on autumn, while American English kept fall.
