Did you know?

- The Industrial Revolution began in Britain in the late 1700s before spreading to the United States and other countries.
- The assembly line, popularized by Henry Ford in the early 1900s, dramatically sped up manufacturing and lowered costs.
- Child labor was common during the Industrial Revolution, with children often working long hours in factories.
- The shift from rural farming to urban factory work caused rapid city growth, a process known as urbanization.
