Did you know?

- Kites are believed to have originated in China more than two thousand years ago, long before becoming a common recreational activity elsewhere.
- Makar Sankranti, a real festival in India, includes large, organized kite-flying celebrations that draw enormous crowds each year.
- A modern kite stays aloft using the same basic aerodynamic principles, lift and drag, that keep an airplane wing in the air.
- Kite design varies enormously worldwide, from simple diamond shapes to elaborate box kites and long, articulated dragon-style kites.
