Did you know?

- Many classic movie monsters, like Frankenstein's creature and the Wolf Man, were popularized by a wave of American horror films in the 1930s.
- Folklore monsters vary enormously between cultures, often reflecting specific local fears or unexplained events.
- The horror genre in film and literature has evolved significantly over the decades, from gothic monster stories to modern psychological horror.
- Special effects and makeup techniques for movie monsters have advanced dramatically since the earliest days of film.
