Pets — Answer Key

Did you know?

- Dogs' sense of smell is estimated to be tens of thousands of times more sensitive than a human's.
- Cats spend a large portion of their day sleeping, often more than half of a 24-hour period.
- Goldfish have a much longer memory span than the popular myth suggests, capable of remembering things for months.
- Rabbits' teeth grow continuously throughout their lives, which is why they need to chew regularly to wear them down.
