

Scientists Word Search

Find all 10 hidden scientists.

Difficulty **Easy** ■■■■■

Estimated time ⌚ 2-5 min

Recommended age 5-8 years

Designed for beginning readers.

Puzzle ID S-E-049

Version 2026.4

Name _____

Date _____

Completed in _____

Every Modern Word Search puzzle follows a published design specification and is individually reviewed before publication.

T	J	U	V	H	H	M	Z	U	I	I	W
K	J	A	A	U	Z	N	R	P	L	N	I
P	V	E	D	I	S	O	N	Y	E	G	N
I	X	I	Y	A	R	Y	I	Z	O	R	V

Did you know?

- Many units of measurement, like the newton and the watt, are named after real scientists who made foundational discoveries in that field.
- Marie Curie remains the only person to win Nobel Prizes in two different sciences, physics and chemistry.
- Many major scientific discoveries were made by researchers building directly on the failed experiments of others before them.
- Scientific credit sometimes arrives decades after a discovery is first made, once other researchers can confirm it.
