BARRICADE
CONTAGIOUS
DANGER

DECAY
ESCAPE
INFECTION
MONSTER

OUTBREAK
ROTTING
SHELTER
SHUFFLING

SURVIVOR
UNDEAD
WASTELAND

Zombies — Answer Key

Did you know?

- The modern zombie archetype in film and fiction owes much to George Romero's 1968 movie "Night of the Living Dead."
- The word "zombie" has roots in Haitian folklore, originally describing a very different kind of figure than the modern pop-culture monster.
- Zombies in fiction vary widely, from slow, shambling creatures to fast, aggressive ones, depending on the story.
- The popularity of zombie fiction has grown substantially since the 2000s, across movies, television and video games.
